

- Proposed track
- Existing ungraded path
- Existing buildings
- Beach/sand
- Rock shelf
- Minor vegetation
- Major vegetation
- 1m contour interval (source: GIS)
- Water HAT level (highest astronomical tide)
- Section/elevation

SHELVING BEACH

A new elevated boardwalk - connecting difficult to access areas

1. TRANSITION PATHWAY

Flush ransition between on ground path and DDA accessible elevated structure

2. PROPOSED REST NODE

Rest nodes at regular intervals along boardwalk to provide scenic lookout and areas to pause.

3. PROPOSED LOOKOUT

New lookout with panoramic views of ocean, Fishermans Beach and sunset.

4. RAMP

Gentle ramp to allow ease of access to and from Shelving Beach DDA compliant.
